International Women's Day 2010 Official Invitation

Empowering Women to End Poverty by 2015

Plans are underway for Sydney Women's Network official International Women's Day event. The exciting lunch event will be the headquarters for seminars, workshops, exhibitions and activities.

International Women's Day draws women together in unity and friendship to commemorate past achievements and highlight current social, economic and political issues. It also provides the opportunity to develop networks and facilitate partnerships between women, organisations and the broader community.

This is a fabulous opportunity for community groups, businesses, government agencies, businesses and individuals around Sydney to be part of the action.

Last year we have over 50 ladies attend this event from all over Sydney. Plus this will be our 2nd Birthday - so you can have your cake and eat it too!
